

Abbas Dawood

Student | Aspiring Commercial Pilot | Technology Enthusiast

+91 90243 28122 • Udaipur, Rajasthan • abbassaifee43@gmail.com • LinkedIn

Motivated and curious student currently pursuing senior secondary education in Science (PCM), with a strong interest in technology, innovation, and aviation. Actively engaged in self-learning through research, experimentation, and hands-on projects, with foundational knowledge of web development (HTML, CSS, JavaScript) and Python.

Passionate about understanding emerging technologies and building practical skills, while also exploring startup ideas focused on innovation and “Make-in-India” concepts. Participated in Model United Nations (MUN), developing strong communication, leadership, and critical thinking abilities.

Aspiring to become a Commercial Pilot, while continuously expanding knowledge in technology and problem-solving. Known for adaptability, curiosity, and a growth mindset, with a strong drive to learn, build, and create meaningful impact.
