

ABBAS DAWOOD

Aspiring Commercial Pilot | Student Leader | Technology Enthusiast

Udaipur, Rajasthan | +91 90243 28122 | abbassaifee43@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Disciplined and driven Senior Secondary student (Science: Physics, Chemistry, Mathematics) with a clear aspiration toward a career as a Commercial Pilot. Demonstrates strong situational awareness, structured problem-solving, and composure under pressure, cultivated through active participation in Model United Nations conferences and independent research initiatives. Combines an analytical, safety-conscious mindset with proven adaptability and a growth-oriented approach to learning. Recognized for clear communication, sound decision-making, and a genuine passion for aviation, innovation, and cross-cultural diplomacy.

EDUCATION

National Institute of Open Schooling (NIOS) — Udaipur, Rajasthan

Expected May 2027

Senior Secondary Education — Physics, Chemistry, Mathematics (PCM)

- Pursuing a rigorous PCM curriculum, building strong analytical and quantitative reasoning skills essential for flight training and technical decision-making
- Balances demanding academics with active extracurricular leadership through MUN participation
- Cultivates disciplined, self-directed study habits reflective of the structure required in aviation training environments

Delhi Public School (DPS) — Udaipur, Rajasthan

March 2020 - March 2026

Secondary Education, PCM Stream

- Completed foundational schooling (Class 6-11) across Physics, Chemistry, Mathematics, and Computer Science
- Developed core analytical thinking and teamwork skills through collaborative academic projects
- Engaged consistently in extracurricular activities, including Model United Nations, alongside core studies

EXPERIENCE & LEADERSHIP

Model United Nations (MUN) Participant

November 2022 - Present

Various MUN Conferences, Udaipur, Rajasthan

- Represented assigned nations in structured multilateral debates on global diplomacy and policy issues, sharpening critical thinking under time pressure
- Cultivated advanced public speaking, negotiation, and persuasive communication skills across multiple conference settings
- Practiced composed, rational decision-making while navigating high-pressure debate scenarios and shifting positions
- Strengthened leadership presence and cross-cultural collaboration by engaging respectfully with diverse viewpoints

Independent Technology & Innovation Initiative

April 2021 - Present

Self-Directed, Udaipur, Rajasthan

- Spearheaded independent research into emerging technologies, digital tools, and innovation trends to build practical, real-world knowledge
- Managed self-directed learning projects end-to-end, applying structured problem-solving to translate concepts into working outcomes
- Analyzed startup ecosystems and "Make-in-India" innovation themes, developing a foundational understanding of entrepreneurial thinking
- Applied design tools (Figma, Canva) and video editing to independently plan and produce creative digital projects

KEY SKILLS

Core Competencies: Critical Thinking · Decision-Making Under Pressure · Structured Problem-Solving · Analytical Mindset · Situational Awareness

Leadership & Communication: Public Speaking · International Diplomacy · Team Collaboration · Adaptability

Digital & Design Tools: Figma · Canva · Video Editing

CERTIFICATIONS

Eureka! Junior 2025 — Entrepreneurship Program

December 2025

Issued by: E-Cell, IIT Bombay

- Selected as a participant in a national-level entrepreneurship program among a competitive applicant pool
- Cultivated problem-solving, idea validation, and entrepreneurial thinking through exposure to real startup ecosystems

- Analyzed business fundamentals and innovation frameworks, strengthening structured decision-making abilities

HOBBIES & INTERESTS

- Aviation Tracking & Flight Mechanics Analysis
- Basic Coding & Web Development (Self-Learning Phase)
- Strategic Gaming Mechanics Analysis
- Public Speaking & Debates
- Traveling & Exploring New Places
